

## Step 2 - Technology

We visited Lough Easkey Water Treatment Facility in Dromore West and compared the old and new use of technology, to ensure the correct volume of water is stored in each reservoir.

## Technology

Middle room you tubed cardboard chair creations before they endeavoured to engineer their own chair!

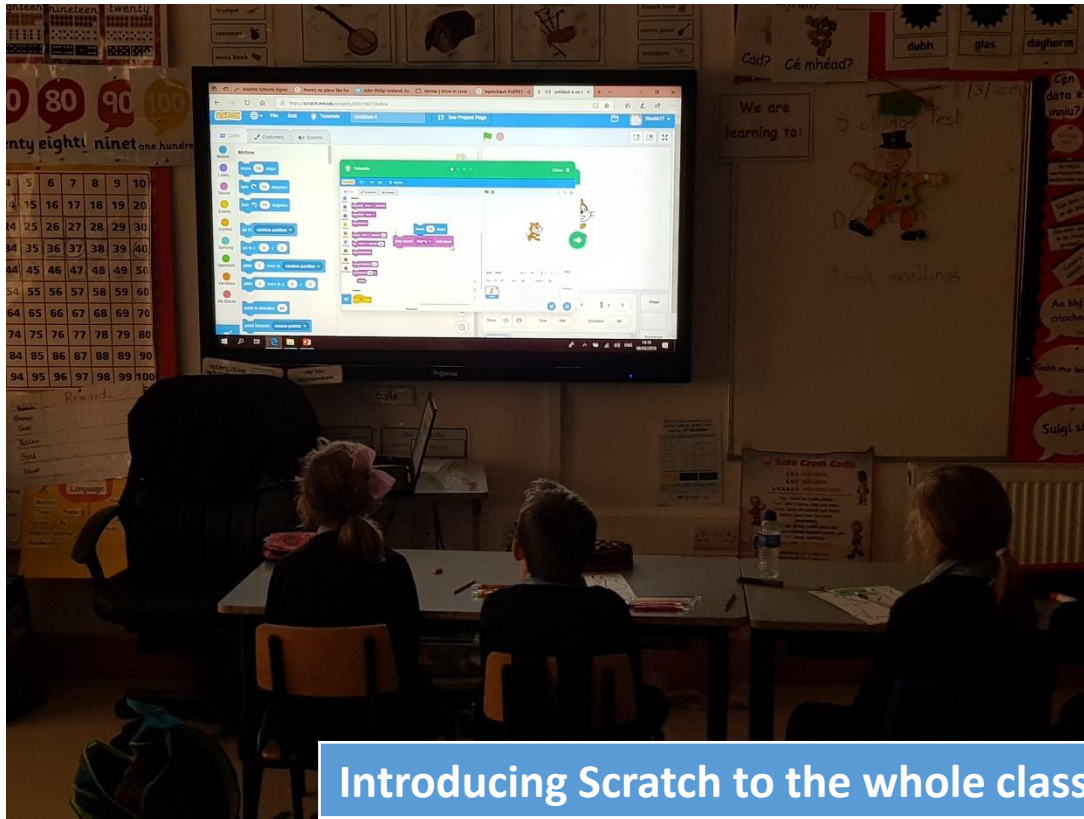

Senior room present their projects using Powerpoint.

Senior room use microscopes to examine sea life.

# Technology

Introducing Scratch to the whole class before individual involvement.
